

CERTIFICATE OF PARTICIPATION

This is to certify that

Guilherme Silveira Gomes Brotto

has successfully participated in the joint project **Sustainable Development Goals in the Supply Chain Management**, a collaboration into the courses **EPR3333 - Supply Chain Management** (UFES) and **ENGR 311/MTDE 611 - Enterprise Basics for Technical Entrepreneurs** (Texas A&M).

The project consisted of **40 hours** of academic activities. The goal was to integrate the concept of Sustainable Development Goals (SDGs) into the realm of Supply Chain Management (SCM), fostering innovative thinking and problem-solving skills. Students explored the relevance of SDGs in SC Business Processes, developed creative solutions to address specific challenges, and simulated a startup that aligned with their chosen SDG.
